7th Aug 2018.

To: KLADNO VOCATIONAL SCHOOL,

Hello guys? It is my hope that you are doing good. I am also doing good too. However I take this gratified opportunity to God for this far He has taken us.

We opened the school for the second part of the term, and I will say it has been a great pleasure to be in school. You guys you are the reason why now I am in school. You gave me the opportunity to build my future. The school had some ups and downs but thank God I did my examinations well. Although I was not able to give quite pleasant results but I promise to put more efforts.

I appreciate your decent efforts and may God bless you abundantly.

Yours Faithfully,
Benjamin.
